

D. HARTER'S

A combination of Ferrous Sulfate, Iron, Peruvian Bark and Phosphorus in a palatable form. The only preparation of iron that will not blacken the teeth, so characteristic of other iron preparations.

GENTLEMEN: I have used DR. HARTER'S IRON TONIC in my practice, and in an experience of twenty-five years in medicine, have never found anything to give the results that DR. HARTER'S IRON TONIC does. In many cases of Nervous Prostration, Female Debility, Dyspepsia, and an impoverished condition of the blood, this powerful remedy, has in my hands, made some wonderful cures. Cases that have baffled some of our most eminent physicians, have yielded to this great and incomparable remedy. I prescribe it in preference to any iron preparation made. In fact, such a compound as DR. HARTER'S IRON TONIC is a necessity in my practice.

It gives color to the blood, natural healthful tone to the digestive organs and nervous system, making it applicable to General Debility, Loss of Appetite, Prostration of Vital Powers and Impotence.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS as the highest nutritive food, and as a tonic and stimulant in cases of General Debility, Nervous Prostration, Exhausted Constitution and Female Weakness.

NURSING MOTHERS. who suffer from poverty of milk, will find it a specific for their trouble. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and induces a vigorous and healthy milk.

WEAK AND SICKLY CHILDREN, who suffer from indigestion and weakness, the result of disease, over study, or excessive strain, will find this extract a powerful tonic. It restores the system to its normal condition and brings back the blood to the system.

INVALIDS AND CONVALESCENTS will find it a most valuable food for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment, the Extract will prove an excellent substitute for food. It restores the system to its normal condition and brings back the blood to the system.

DELICATE FEMALES, who suffer from the weakness of their sex, will find this extract a powerful tonic. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and induces a vigorous and healthy milk.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative, and especially those who are inclined to "countenance" will find this preparation exactly suited to their needs. It is a specific for the Congestive Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of food, and to induce a vigorous and healthy milk. It restores the system to its normal condition and brings back the blood to the system.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily assimilated, and its effect is to give fullness and readiness to the digestive system, and to induce a vigorous and healthy milk.

For Dyspepsia, Costiveness, Sick Headache, Chronic Diarrhoea, Jaundice, Impurity of the Blood, Fever and Ague, Malaria, and all Diseases caused by Derangement of Liver, Bowels and Kidneys.

SYMPTOMS OF A DISEASED LIVER.

Bad Breath; Pain in the Side, sometimes the pain is felt under the Shoulder-blade, mistaken for Rheumatism; general loss of appetite; Bowels generally constipated, sometimes alternating with laxity; the head is troubled with pain, is dull and heavy, with considerable loss of memory, accompanied with a painful sensation of leaving the stomach, and a feeling of fullness in the stomach, which ought to have been done; a slight, dry cough and flushed face is sometimes an attendant, often mistaken for consumption; the patient complains of weariness and debility; nervous, easily startled; feet cold or burning; sometimes a prickly sensation of the skin exists; spirits are low and despondent, and, although satisfied that exercise would be beneficial, yet one can hardly summon up fortitude to try it; in fact, distresses every remedy. Several of the above symptoms attend the disease, but cases have occurred when but few of them existed, yet examination after death has shown the Liver to have been extensively deranged.

It should be used by all persons, old and young, whenever any of the above symptoms appear.

Persons Travelling or Living in Unhealthy Localities, by taking a dose occasionally to keep the Liver in healthy action, will avoid Malaria, Bilious attacks, Dizziness, Nausea, Drowsiness, Depression of Spirits, etc. It will invigorate like a glass of wine, but is no intoxicating beverage.

If you have eaten anything hard of digestion, or feel heavy after meals, or sleepless at night, take a dose and you will be relieved.

Time and Doctors' Bills will be saved by always keeping the Regulator in the House!

For, whatever the ailment may be, a thoroughly safe, purgative, alternative and tonic, never be out of place. The remedy is harmless and does not interfere with business or pleasure.

IT IS PURELY VEGETABLE. And has all the power and efficacy of Colman's Mustard, without any of the injurious after-effects.

A Governor's Testimony.

Simmons Liver Regulator has been in use in my family for some time, and I am satisfied it is a valuable addition to the medical science.

J. GILL SHORTELL, Governor of Ala.

Hon. Alexander H. Stephens, of Ga., says: "Have derived some benefit from the use of Simmons Liver Regulator, and wish to give it a further trial."

"The only thing that never fails to Relieve."—I have used many remedies for Dyspepsia, Liver Affection and Debility, but never have found anything to benefit me to the extent Simmons Liver Regulator has. I sent from Minnesota to Georgia for it, and would send further for such a medicine, and would advise all who are similarly affected to give it a trial as it seems the only thing that never fails to relieve.

P. M. JANNEY, Minneapolis, Minn.

Dr. T. W. Mason says: "From actual experience in the use of Simmons Liver Regulator in my practice I have been and am satisfied to use and prescribe it as a purgative medicine."

Take only the Genuine, which always has on the wrapper the word "Trade-Mark" and Signature of J. H. ZEIGLER & CO.

A Mystery.

NORFOLK, Va., October 11.—Yesterday afternoon two workmen, in tearing down the front of a house, No 57, Main street, for repairs, discovered above the ceiling of the attic the body of a white male infant dried up like a mummy, and the skeleton of another, the best preserved of the two, had a piece of blue dotted calico tied tightly around the neck, and had evidently been strangled soon after birth. The house had recently been occupied as a boarding house. The opinion of the coroner is that they have been dead several years. The affair is shrouded in mystery.

Congressional Nominations.

NEW YORK, October 11.—Congressional nominations were made in various States to-day as follows: C. M. Durham, by the Democrats of the third Iowa district; L. E. Atkinson, by the Republicans of the eighteenth Pennsylvania district; Gov. John D. Long, by the Republicans of the second Massachusetts district; John T. Waite, by the Republicans of the third Connecticut district; John Hopkins, by the Democrats of the tenth Massachusetts district; The Lyman, by the Democrats of the ninth Massachusetts district; J. B. Everatt, by the Republicans of the sixth Pennsylvania district.

Reported Dead.

CINCINNATI, October 12.—A special from Bellaire, Ohio, says: "J. T. Updegraff, the successful candidate for Congress from the seventeenth district, is reported dead. His home is remote from telegraph, and the report can not be verified, but it is known that he has been low with Bright's disease."

WHEELING, W. Va., October 12.—Hon J. T. Updegraff is elected to Congress from the 17th Ohio district. He is much better and will doubtless recover.

Political.

Failed.

ATLANTA, Ga., October 11.—Jordan & Cranston, grocers of Atlanta, have failed, liabilities \$10,000, assets \$7,500.

The Ohio Election.

CINCINNATI, October 12.—The dispatches from the Congressional districts show very close contests between Morey, Republican, and Campbell, Democrat, in the 7th district; Hart, Republican, and Neal, Democrat, in the 12th; and McKinney, Republican, and Wallace, Democrat, in the 18th. Morey claims a majority of 40, and Neal and Hart each claim from 4 to 122. The official count will be required to decide between them. Wallace claims a majority of 4, and here, also, the official count must determine. Murray, Democrat, in the 3rd district has a majority of 261.

CINCINNATI, October 12.—The best information relating to the result of the vote on Congressmen, gives the Republicans Morey, in the 7th district, Keifer in the 8th, Robinson in the 9th, McCormick in the 11th, Updegraff in the 17th, Taylor in the 19th. The contest is very close in the 12th, 14th, 18th and 20th districts, the chances are in favor of the Democratic candidates. An official count will be required to get at the truth. Updegraff, who was reported dying, is said to be out of danger.

CINCINNATI, October 12.—A special dispatch to the Times-Star says that reports from the twelfth Congressional district are that Hart, Republican, is elected by 200 majority, and in the eighteenth district that McKinney, Republican, is elected by seven majority.

Yellow Fever.

PENSACOLA, Fla., October 11.—Fifty-six new cases of yellow fever and seven deaths have been reported to-day. Many of the new cases are of a more malignant sort than here before. Among those attacked is a son of the late Judge Hawkins, formerly a member of Congress, and one of the most eminent men of his day.

A serious mistake in yesterday's dispatch made it read that the board of health had made "a formal appeal" to the country at large for aid, instead of "no formal appeal." It is believed that they will be compelled to take that step.

The whole number of cases to date has been 1,406; deaths, 122. The weather is warm and settled, giving no hope of early frost.

BROWNSVILLE, TEXAS, October 11.—The yellow fever has ceased to engage the attention of the people here and politics has usurped its place. All interest seems to center in the Congressional row. Dr. Murray is in the city. The weather is very hot. There is a slight abatement in the ravages of the yellow fever at Camnago and Mier, Mexico.

The Wrecked Steamer.

ST. JOHN'S, N. F., October 11.—The St. John's steamer Neptune arrived here at 11 o'clock last night with six passengers, mail, baggage, spices, &c., from the wrecked steamer Herder. The German consul met the people on the wharf, and had all sent to comfortable lodgings, which had been previously provided for them.

NEW YORK, October 11.—Agents of the wrecked steamship Herder, this afternoon received a dispatch from St. Johns, N. F., stating that the vessel had broken up, and that a small fraction of the cargo, which is driving ashore, is being saved.

Diphtheria.

LYNCHBURG, Va., October 10.—Reports from Pittsylvania County state that the ravages of diphtheria in certain localities have reached an alarming extent, nearly 200 deaths having occurred within the last 60 days. Not a family has escaped the great scourge. Twenty pupils of one school district have died with the dread disease which the physicians seem unable to control. Last Monday three children were lying dead in one house.

The President in Boston.

BOSTON, October 11.—President Arthur arrived here to-day, and was received and welcomed with much enthusiasm by the people, who crowded the streets through which the Presidential procession passed. The distinguished guest was escorted by a large body of troops to the Brunswick Hotel, which is to be his headquarters while here, and which was beautifully decorated with flowers, vines and bunting.

WASHINGTON.

WASHINGTON, D. C., October 11.—The Smithsonian Institution has received from the Academy of Vienna an announcement of the discovery, by Schmitt, at Athens, of another comet, four degrees southwest of the great comet, with the same motion, in the right ascension and declination.

Disposed of at Last.

NEW YORK, October 12.—A special to the Times from New Orleans says: "An ordinance was passed by the city council, which disposes of the well known litigation between the city of New Orleans and the New Orleans, Mobile and Texas Railroad Company, which began about the year 1870. The case had been appealed to the Federal Supreme Court, and was to have come up this week. City Attorney Buck had made all preparations to go to Washington on Monday, when he was informed that negotiations were in progress looking to a compromise. The representative of the company at first offered the city \$5,000 and finally agreed to pay over \$40,000, on condition that the grants under the legislative acts were confirmed and the whole matter declared settled. The offer was accepted. The council passed the ordinance and it was signed by the mayor. The money was immediately appropriated to the department of improvements."

Death of William A. Lowe.

WASHINGTON, September 12.—First Auditor Reynolds to-day received a telegram from Huntsville, Ala., announcing the death of Wm. A. Lowe of that State.

The Speaker of the House of Representatives has appointed on behalf of the House committee, consisting of Representatives below named, to attend the funeral of the late Representative Lowe, of Alabama, Thomas H. Herndon, H. A. Herbert, Wm. Oates, Thos. Williams, G. W. Hewitt and Wm. H. Forney, of Alabama, Emory Speer, of Georgia, Chas. E. Hooker, of Mississippi, and Geo. G. Dibrell, Benton McMillan, Chas. B. Simonton and Wm. R. Moore, of Tennessee.

West Virginia.

WHEELING, W. Va., October 11.—The returns show increased gains for the republicans in this Congressional district. General Goff's majority for Congress is estimated as high as 1,000 by sanguine Republicans. The Democrats concede his election. The returns from the second district also give large gains for the Republicans, but not enough to elect John W. Mason, the Republican candidate. He telegraphs tonight that he is beaten by about 500. Gibson, Democrat, is said to be elected by 1,000 to 1,500 in the fourth district. Keena, Democrat, is doubtless re-elected in the Kanawha district.

FOREIGN.

LONDON, October 12.—Eccles Sharrock, Brothers & Co., cotton spinners, have overdrawn and go into liquidation. Liabilities £95,000.

LONDON, September 12.—Depression in the cotton trade has led to the posting of notices in many mills in Northeast Lancashire of the abolition of the rule requiring a fortnight's notice to be given to operatives.

LONDON, October 12.—A dispatch from Cairo says: Riaz Pasha still refuses to allow English counsel to defend Arabi Pasha. Sir Edward Mallet fully advocates the employment of counsel. He contends that delay in granting the application for counsel will seriously prejudice the case of Arabi, who meanwhile, is being subjected to a long and severe series of private examinations.

A dispatch from Constantinople says the Moderate party has gained a victory over the Fanatical party. Said Pasha has made two conditions for his remaining in office. First, that each minister shall be responsible for the workings of his own departments; second, that the Austria and Germany alliance shall be abandoned, the accomplished facts in Egypt accepted, and a good understanding with England and France on the Eastern question reestablished.

MINOR DISPATCHES.

NEW YORK, Oct. 12.—The New York and Brooklyn Association of Congregational Churches yesterday passed resolutions asking Beecher to reconsider his action in withdrawing from the association and expressing concurrence in his beliefs.

AUGUSTA, GA., October 12.—The Augusta, Elberton & Chicago Railroad Company was organized to-day by electing James V. Verdery president, Henry J. Long vice president and H. P. Moore treasurer.

Pedro L. Benet, brother of Gen. Benet, was found dead in his room at the arsenal.

Geo. Fisher, colored, a fugitive from justice from South Carolina, while being pursued by officers to-day, jumped into a canal and was drowned.
